

PlanetsWater Corp. Newsletter December 2009

We wish to offer season's greetings to all our valued customers, distributors, business associates, affiliates, governments, ministries and friends throughout the globe.

We are pleased to announce that PlanetsWater Corp. and our trusted associates WaterMicron™ Corp. have agreed to form an alliance and in doing so therefore have joined forces by way of an official corporate amalgamation in our ongoing campaign and joint efforts in creating awareness of the worldwide water shortage. We continue to strive to deliver fresh pure drinking water to mankind through our innovative technology and applied marketing skills as a combined operation we are most certainly at the forefront of the atmospheric water generation industry and remain extremely confident of achieving our goals and helping to safeguard our planet.

In the past we have gone 'head to head' throughout the globe to deliver our message of pure water available from the air that we breathe as an alternative to placing ever increasing strain on the world's water supply. Both corporations have proved strong and remained positive in their approach to help resolve and overcome these issues and have achieved great success in creating a network of numerous prosperous distributorships throughout the globe and have passed on our wealth of experience within this specialist field of technology and will continue to do so for other likeminded individuals and corporations such is our desire to succeed.

PlanetsWater Corp. both endorse and distribute WaterMicron™ atmospheric water generators and whilst forming this amalgamated alliance we are pleased to now offer an unsurpassed genuine five (5) year warranty on our newest WaterMicron™ model AWG-30 H/O home/office appliance that generates 30ltrs of pure drinking water per day. WaterMicron™ also manufactures and distributes the most technically advanced commercial/industrial units available on the planet that are capable of delivering 250, 500, 1,000, 3,000 and 5,000ltrs of pure fresh drinking water from thin air.

If any of you would like to become a distributor of ours whether an individual or corporation then please also note that we now offer FREE non-exclusive distributorships throughout the globe and can also offer 'exclusive' master distributorships in regions worldwide that are still available for a cost of which is dependant on the region and capita of population.

In summary as a strong, loyal, hardworking, positive, determined, innovative corporation together we can tackle our competitors by continuing to offer simply the best standard of service, the best warranty, the best products and the best technology at the best prices.....we endeavor to create a global image and leadership that can be unsurpassed by no other company within the atmospheric water generation 'AWG' hugely inspiring industry!!

Again, we wish you season's greetings a very prosperous New Year and beyond!

Daniel C. Matthews - PlanetsWater Corp.
