

BUY DIRECT PlanetsWater Corp. 'AWG' Products.... minimum 20% Discount.

We are pleased to announce that **PlanetsWater Corp.** have agreed to offer the following discounted rates on ALL our latest technology atmospheric water generators 'AWG's' including **WaterMicron™** machines when '**ordered directly**' through our official website '**www.planetswater.com**' as part of our ongoing campaign and efforts in creating awareness of the worldwide water shortage. We continue to **strive to deliver fresh pure drinking water to mankind** through our innovative technology and applied marketing skills **and remain at the forefront of the atmospheric water generation industry** being extremely confident of achieving our goals and **helping to safeguard our planet.**

Note: DIRECT SAVINGS ON ALL 'AWG' WATERMICRON, ECOLOBLUE, AIR2WATER ETC., MACHINES! WHY PAY MORE!

Despite claims by many companies within the 'AWG' industry of 'unique' appliances many of the machines available worldwide are actually identical or very alike in their design, manufacture and operation, in fact many 'AWG' units are manufactured in the same factory, therefore, whether you are seeking to buy an **Ecolobue, Air2Water or even a WaterMicron 'AWG'** appliance, regardless of home/office appliance or larger commercial/industrial machines, please be informed that by purchasing 'online' through **PlanetsWater.com** with the 'order online' **PayPal** facility and/or payment to the bank account as shown on our website 'contacts page' we can supply you with whatever capacity **atmospheric water generator** that you or your company require '**direct**' from our factory in China for a **saving on all published rates of 20%**, so before you spend more than necessary on an identical 'AWG' appliance 'stop' and place your order through us. Again, why pay more? **At 'PlanetsWater'.... we speak the facts and deliver the goods! It's Simple Biz!**

The 'distributor's' cost of a minimum 20' or 40' foot container representing 129/269 units is a low 800.-USD per unit in respect of the latest home/office 30ltr appliance the AWG-30 H/O. Minus of course your generous unsurpassed 'discount' of 20%. Therefore, unit cost 640.-USD!

Even **BIGGER SAVINGS** on larger industrial/commercial 'AWG' units... *best prices available on the Planet! Value for the Enviroment! Value for YOU!*

In the past we have gone 'head to head' throughout the globe with our competitors and will continue to do so in order to deliver our message of **pure water available from the air that we breathe** as an alternative to placing ever increasing strain on the worlds water supply. Our corporation has proved strong and remained positive in their approach to help resolve and overcome these issues and have achieved great success in creating a **network of numerous prosperous distributorship's throughout the globe** and have passed on our wealth of experience within this specialist field of technology and will continue to do so for other like minded individuals and corporations such is our desire to succeed.

PlanetsWater Corp. both endorse and distribute **PlanetsWater™** atmospheric water generators and in doing so we are pleased to **now offer an unsurpassed genuine five (5) year manufacturers warranty** on our newest **PlanetsWater™** model **AWG-30 H/O home/office appliance** that generates **30ltrs of pure drinking water per day**. Through **'PlanetsWater'** our suppliers **PlanetsWater™** also manufactures and distributes the most technically advanced **commercial/industrial units** available on the planet that are capable of delivering **200/250, 500, 1,000, 3,000 and 5,000ltrs of pure fresh drinking water from thin air**.

If any of you would like to **become a distributor of 'AWG' technology such as the 'PlanetsWater' products available through 'PlanetsWater'** whether an **individual or corporation** then please also note that **we now offer FREE non-exclusive distributorship's throughout the globe** and can also offer **'exclusive' master distributorship's** in regions worldwide that are still available for a cost of which is dependent on the region and capita of population. (Please see the attached 'distributor package'). You will not find a more simplistic way to enter the 'AWG' growing industry other than through 'PlanetsWater'.

In summary **together we can tackle the worldwide water crises by continuing to offer simply the best standard of service, the best warranty, the best products and the best technology at the best prices.....we endeavour to create a global image and leadership that can be unsurpassed by no other company** within the **atmospheric water generation 'AWG'** hugely inspiring industry!!

Water - A source of LIFE!
